POLICE ITEMS.—On complaint of Sergeant Smith, a colored man was brought before the Mayor this morning charged with disposing of liquor for money at an entertainment given at Lucas Hall Thursday night, without a license. The man said he was not aware that he was violating the law and that it was the first time he had done so. The Mayor said ignorance of the law was no justification, but in consideration of it being a first offense he would only impose a fine of ten dollars.

A market man was before the Mayor this morning on complaint of the Market Master charged with violating that section of the corporation laws forbidding the sale of meats less than quarters in the vegetable and fish market. The Mayor said the law was a very righteous one, as it prevented an unjust discrimination against butchers who pay a license to sell meats, and, further, it was not at all harsh, for it did not prevent country people from selling their meats by the quarter or more, and that in all cases hereafter brought to his attention the penalty would be rigidly enforced.

SUPERINTENDENT OF GAS.—Messrs. George Beadenkopf, of Baltimore, Jas. McIlhenny, of Washington, and R. I. Middleton, of Georgetown, appointed to examine the applicants for the position of superintendent of gas, who met yesterday at 1 o'clock, concluded their work at 7:30 o'clock last night. The candidates were Messrs. R. M. Latham and Wm. H. Hantzman, of this city; Orlando F. Smith, formerly of this city; and now of Washington, and C. C. Barry, of Washington. Mr. A. J. Byrne, of Detroit, who is in the city and who, it was expected, would enter the list, declined to do so at the last moment. His reason is that he heard there was much opposition in the city to a non-resident holding the position, so he decided not to take the examination. The committee of examiners will prepare their report on Monday evening and it will be submitted to Council on Tuesday night. It is reported that Mr. Barry stood the best examination, but this, of course, is but conjecture. All the candidates express satisfaction with the methods of the examiners.

W. H. Shipman, Beardsley, Minn., under oath, says he suffered from dyspepsia for twenty-five years. Doctors and dieting gave but little relief. Finally he used **Groves' Dyspepsia Cure** and now eats what he likes and as much as he wants, and feels like a new man. It digests what you eat.

Mayor Simpson this morning received a letter from the Wm. R. Trigg Shipbuilding Company in Richmond in response to his letter enclosing the resolution of Council offering a site in this city to that company if they would locate their plant here. The letter concludes as follows: "We greatly appreciate this recognition of our enterprise on the part of Alexandria and are aware of the many advantages of such a site for our plant, but we have gone so far in the development of our plant here that it is too late to consider a removal. Please extend our thanks to your City Council."

It now carries a total of \$7,457,755.31, which is an increase over the House bill of \$721,456.31. This total is \$621,219.54 in excess of the District appropriations for the current year. At last reports the fire was working its way toward the Pohick neighborhood and a number of men are at work fighting the flames.

FOR TWO BRIDGES.—The Senate committee on the District of Columbia held its weekly meeting yesterday and discussed the bill for the improvement of terminal facilities for the Pennsylvania Railroad in Washington. The committee discussed the project for bridging the Potomac and decided that it would be preferable to have two bridges, as is proposed in the pending bill. The sub-committee that has the bill in charge was instructed to report the same favorably as soon as matters of detail can be settled upon.

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see how it would affect us. It cured us before the bottle was more than half used. It is the best medicine out for colds and coughs. The Herald, Andersonville, Ind. For sale by all druggists.

W. W. Mayhew, Merton, Wis., says, "I consider one Minute Cough Cure a most wonderful medicine, quick and safe." It is the only harmless remedy that gives immediate results. It cures coughs, colds, croup, bronchitis, grippe, whooping cough, pneumonia and all colds and lung diseases. It cures the lungs, prevents consumption.
